

Thank you from the Troops – November 2007

We received these photos and a couple of notes from the people at Staten Island Project Homefront. This is the note received by Major Jeff Groskopf regarding the Jericho DVD.

"Attached are a couple of pictures with the Jericho DVD and some other DVDs that we received from a friend of the project, Clara. I can't tell you how much it means for us to know that there are people like you and your organization that support us. It fills us with pride knowing that there are people out there who take the time and the effort to give us a little piece of home and a little break from the day to day life in Iraq.

Our time here is about at an end and our Air Force replacements have begun to arrive. If it's ok with you, I would like to pass your information to them as I am sure that they would also enjoy your support.

Again, thank you so very much for your support".

MAJ Jeff Groskopf
Commander, Desert Sentry

This is a note we received from Lam Uy who is also deployed in Iraq.

"I got the package with Jericho and the other treats. Thank you. You can take my name off the mailing list now. Thanks for what you guys do".
